1. Company Overview

Voltaro Motors is an Indian electric vehicle (EV) company that designs, manufactures and sells electric two-wheelers. The company was founded in 2018 in Bengaluru by three engineers who met while working at an aerospace firm. Voltaro's goal is to make electric riding cheaper than petrol riding for the everyday Indian commuter.

Voltaro sells four models — the **Voltaro Swift**, **Voltaro Swift Plus**, **Voltaro Cargo** and the **Voltaro Thunder** motorcycle — through 310 showrooms in 118 cities. As of August 2026, more than 3,20,000 Voltaro vehicles are on the road, and together they have covered over 2.1 billion kilometres.

Item	Details
Legal name	Voltaro Motors Private Limited
Founded	5 June 2018
Headquarters	Electronic City Phase II, Bengaluru, Karnataka
Founders	Rohan Iyer, Meera Kulkarni, Arjun Sethi
Employees	2,450 (as of 31 August 2026)
Showrooms	310 showrooms in 118 cities
Service centres	265 company-owned and partner service centres
Vehicles sold (total)	3,20,000+
Total funding raised	USD 145 million
Main investors	Northstar Ventures, Ganga Capital, Horizon Climate Fund
Website	www.voltaro.example
Customer care	1800-555-0199 (toll-free)

Mission, Vision and Values

Mission: Build electric vehicles that every Indian family can afford, trust and enjoy.
Vision: By 2030, one in every ten new two-wheelers sold in India should be a Voltaro.

Core values:

- **Rider first** — every decision starts with the safety and comfort of the rider.
- **Build it here** — design and make as many parts as possible in India.
- **Honest numbers** — we publish real-world range, not just lab range.
- **Clean by default** — reduce waste and carbon in everything we do.
- **Move fast, fix faster** — ship improvements often through software updates.

2. History & Milestones

Year	Milestone
2018	Company founded in a small garage in Koramangala, Bengaluru, with Rs 40 lakh of the founders' savings.
2019	First prototype, code-named 'Kite', completed. Raised USD 2 million seed funding from Northstar Ventures.
2020	Swift scooter launched in Bengaluru and Pune. Sold 1,800 units in the first year despite lockdowns.
2021	Raised USD 18 million Series A. Opened the first factory in Hosur, Tamil Nadu (capacity 60,000 units a year).
2022	Launched Swift Plus and the VoltGrid fast-charging network. Crossed 50,000 customers.

Year	Milestone
2023	Launched Voltaro Cargo for delivery riders. Raised USD 55 million Series B led by Ganga Capital.
2024	Opened in-house battery pack plant in Hosur. Won 'EV Maker of the Year' at the (fictional) India Mobility Awards.
2025	Launched the Thunder electric motorcycle. Raised USD 70 million Series C. First export shipment to Nepal and Sri Lanka.
2026	Crossed 3,00,000 vehicles on the road. Second factory in Sanand, Gujarat began trial production in July 2026.

3. Leadership Team

Name	Role	Background
Rohan Iyer	Co-founder & Chief Executive Officer (CEO)	Former propulsion engineer; B.Tech from NIT Trichy, MS from Georgia Tech. Leads strategy and fundraising.
Meera Kulkarni	Co-founder & Chief Technology Officer (CTO)	Battery and power-electronics expert with 11 patents. Leads R&D and the battery plant.
Arjun Sethi	Co-founder & Chief Operating Officer (COO)	Ran supply chain at a large auto-parts maker. Leads factories, sourcing and logistics.
Farah Siddiqui	Chief Financial Officer (CFO)	Joined in 2022 from an investment bank. Chartered Accountant.
Vikram Nair	Chief Marketing Officer (CMO)	Joined in 2021; previously led marketing at a consumer electronics brand.
Priya Deshpande	Chief People Officer (CPO)	Heads HR, hiring and employee well-being. Joined in 2020 as the 40th employee.
Sameer Khan	Head of Customer Experience	Runs showrooms, service centres and the customer care team.

The Board of Directors has seven members: the three co-founders, two investor nominees (from Northstar Ventures and Ganga Capital) and two independent directors, Dr. Lakshmi Menon (former professor of electrical engineering) and Mr. Harish Bajaj (retired banker). The Board meets once every quarter.

4. Products & Specifications

All Voltaro vehicles use lithium-ion (LFP) batteries made in Voltaro's own Hosur plant, come with the **VoltOS** dashboard software, and receive free over-the-air (OTA) software updates.

4.1 Voltaro Swift

A lightweight city scooter for daily commuting, students and first-time EV buyers. Available in 5 colours: Pearl White, Midnight Black, Coral Red, Sky Blue and Olive Green.

4.2 Voltaro Swift Plus

A bigger-battery version of the Swift with more range, a 7-inch touchscreen, Bluetooth music and calls, reverse mode and 34 litres of under-seat storage. The best-selling Voltaro model.

4.3 Voltaro Cargo

A strong scooter built for delivery riders and small businesses. It has a reinforced frame, a rear carrier rated for 60 kg, and a **swappable battery** that can be exchanged in under 2 minutes at VoltSwap stations.

4.4 Voltaro Thunder

A 150cc-equivalent electric motorcycle for highway and long-distance riders. It has three riding modes (Eco, City, Sport), dual-channel ABS and a top speed of 115 km/h.

4.5 Technical comparison

Specification	Swift	Swift Plus	Cargo	Thunder
Battery capacity	2.2 kWh	3.4 kWh	2.8 kWh (swappable)	5.0 kWh
Certified range (IDC)	105 km	160 km	120 km	210 km
Real-world range	85 km	125 km	95 km	165 km
Top speed	65 km/h	80 km/h	60 km/h	115 km/h
0–40 km/h	4.8 sec	3.9 sec	5.5 sec	2.7 sec
Motor power (peak)	3.5 kW	5.5 kW	4.0 kW	11 kW
Home charging (0–100%)	4 hr 30 min	5 hr 15 min	Battery swap	6 hr
Fast charging (0–80%)	Not supported	55 min	Not supported	45 min
Weight	88 kg	106 kg	118 kg	148 kg
Boot space	22 litres	34 litres	18 litres + carrier	—
Seat height	760 mm	780 mm	790 mm	810 mm
Brakes	Drum / Drum	Disc / Drum	Disc / Drum	Disc / Disc with ABS
Display	5-inch LCD	7-inch touchscreen	5-inch LCD	7-inch TFT
Water resistance	IP67	IP67	IP67	IP68

5. Pricing, Variants & Offers

Prices below are ex-showroom Bengaluru, in Indian Rupees, as of September 2026, after government EV subsidy. On-road prices vary by state because of registration and insurance charges.

Model	Ex-showroom price	Typical on-road price	Booking amount
Voltaro Swift	Rs 84,999	Rs 92,000	Rs 999
Voltaro Swift Plus	Rs 1,19,999	Rs 1,29,500	Rs 1,999
Voltaro Cargo (with battery)	Rs 1,04,999	Rs 1,13,000	Rs 1,999
Voltaro Cargo (battery subscription)	Rs 69,999 + Rs 1,499/month	Rs 77,000	Rs 1,999
Voltaro Thunder	Rs 1,74,999	Rs 1,88,000	Rs 4,999

Accessories

Accessory	Price
Portable home charger (extra)	Rs 6,500
Voltaro ISI-certified helmet	Rs 2,200
Seat cover (waterproof)	Rs 799
Front basket (Swift / Swift Plus)	Rs 1,150
Delivery box, 90 litres (Cargo)	Rs 4,800
Extended warranty (+2 years)	Rs 7,999

Current offers (valid till 31 October 2026)

- Exchange bonus of up to Rs 10,000 when you trade in an old petrol two-wheeler.
- Zero down-payment EMI from Rs 2,299 per month through partner banks.
- Students with a valid college ID get an extra Rs 3,000 off the Swift.
- Free first-year VoltGrid charging pass (worth Rs 2,400) with every Swift Plus and Thunder.

Bookings can be cancelled any time before delivery. The booking amount is fully refunded to the original payment method within 7 working days.

6. Charging Network & Battery

VoltGrid is Voltaro's fast-charging network. It has 2,150 chargers across 118 cities, mostly at showrooms, malls, petrol pumps and metro stations. VoltGrid fast chargers work with the Swift Plus and Thunder. Riders can find chargers, check if they are free, and pay in the Voltaro app.

VoltSwap is the battery-swapping network for the Cargo. There are 640 VoltSwap stations in 22 cities. A swap takes under 2 minutes.

Charging plan	Price	What you get
Pay-as-you-go (VoltGrid)	Rs 12 per kWh + Rs 20 session fee	No monthly fee
VoltGrid Pass	Rs 199 per month	Unlimited slow charging + 20 fast-charging sessions
VoltSwap Basic	Rs 1,499 per month	Up to 60 swaps per month
VoltSwap Unlimited	Rs 2,299 per month	Unlimited swaps (fair use: 8 per day)

Battery facts

• Chemistry: Lithium Iron Phosphate (LFP), chosen for safety and long life.
• Battery life: rated for 2,500 full charge cycles, about 8–10 years of normal use.
• After 8 years or 80,000 km the battery keeps at least 70% of its original capacity (guaranteed).
• Each battery has a 'smart BMS' (battery management system) with 36 temperature sensors.
• Old batteries are bought back and recycled at the Hosur plant (see Section 9).
• Charging at home uses about 2.2 to 5 units (kWh) of electricity for a full charge, which costs roughly Rs 18 to Rs 40 depending on the model and local tariff.

7. Manufacturing & Locations

Facility	Location	Purpose	Details
Headquarters	Electronic City, Bengaluru	Corporate office, design studio	About 700 employees
R&D Centre	Whitefield, Bengaluru	Motors, software, testing	Test track of 1.2 km; about 380 engineers
Factory 1	Hosur, Tamil Nadu	Vehicle assembly	Capacity 2,40,000 vehicles a year; about 900 employees; 62% women on the shop floor
Battery plant	Hosur, Tamil Nadu	Battery pack assembly and recycling	Capacity 1.2 GWh a year
Factory 2	Sanand, Gujarat	Thunder and export models	Trial production since July 2026; full production planned for 2027
Regional office	Gurugram, Haryana	North India sales	About 120 employees
Regional office	Mumbai, Maharashtra	West India sales, investor relations	About 90 employees
International office	Kathmandu, Nepal	Export sales	About 15 employees

About 88% of the parts in a Voltaro vehicle (by value) are made in India. The motor, controller, battery pack, frame and software are made by Voltaro itself. Battery cells are imported from partner suppliers, and Voltaro plans to start making its own cells in 2028.

8. Financial Performance

Voltaro's financial year runs from 1 April to 31 March. Figures are in Indian Rupees crore (1 crore = 10 million).

Financial year	Revenue (Rs crore)	Vehicles sold	EBITDA (Rs crore)	Net profit / loss (Rs cror
FY 2021-22	96	11,200	-58	-74
FY 2022-23	342	38,500	-81	-112
FY 2023-24	718	71,900	-36	-69
FY 2024-25	1,105	98,400	22	-18
FY 2025-26	1,580	1,34,000	118	46

FY 2025-26 was Voltaro's **first profitable year**, with a net profit of Rs 46 crore. Revenue grew 43% over the previous year. The Swift Plus made up 47% of units sold, the Swift 28%, the Cargo 17% and the Thunder 8%.

Revenue by source (FY 2025-26): vehicle sales 86%, charging and swapping 6%, service and spare parts 5%, accessories and extended warranties 3%.

Market share: Voltaro holds about 9.5% of India's electric two-wheeler market (August 2026), making it the fourth-largest player.

Plans for FY 2026-27: revenue target of Rs 2,200 crore, sales of 1,80,000 vehicles, 150 new showrooms, and 1,000 new VoltGrid chargers. The company has said it may consider an IPO (stock market listing) in 2028, but no decision has been taken.

9. Sustainability

• The Hosur factory runs on 74% solar and wind power; target is 100% by 2028.
• Voltaro vehicles on the road have saved an estimated 1,90,000 tonnes of CO2 compared with petrol two-wheelers.
• The battery recycling line recovers up to 95% of lithium, iron and copper from old packs.
• Rainwater harvesting at Hosur collects about 18 million litres of water a year.
• Packaging for spare parts is 100% plastic-free since January 2025.
• Voltaro publishes a sustainability report every year in September.

10. Sales, Service & Warranty

Buying process

• Book online at www.voltaro.example or at any showroom.
• Take a free test ride at a showroom or book a home test ride (in 40 cities).
• Complete payment or loan paperwork; Voltaro helps with bank loans.
• Delivery usually happens within 7 to 21 days, depending on model and city.

Warranty

Part	Warranty period
Vehicle (standard)	3 years or 40,000 km, whichever comes first
Battery pack	8 years or 80,000 km, whichever comes first
Motor and controller	5 years or 60,000 km
Home charger	1 year
Paint and body panels	1 year
Extended warranty (optional)	Adds 2 more years to the vehicle warranty for Rs 7,999

Service schedule

EVs need less maintenance than petrol vehicles. Voltaro recommends a service every 5,000 km or 6 months. The first three services are free (labour and inspection). After that, a normal service costs about Rs 600 to Rs 900. Doorstep service is available in 60 cities for an extra Rs 199.

Roadside assistance

All vehicles get free 24x7 roadside assistance for the first 3 years. Call 1800-555-0199 and press 2. Help usually arrives within 60 minutes in cities. If the battery runs out, Voltaro will tow the vehicle to the nearest charger for free, up to 3 times a year.

Return and refund policy

Voltaro offers a **7-day happiness guarantee**: if you are not happy with your vehicle, you can return it within 7 days of delivery, if it has been ridden less than 250 km and has no damage. You get a refund of the ex-showroom price minus Rs 5,000 (to cover handling). Registration and insurance charges are not refundable.

11. Employee Policies (HR)

This section summarises key policies for Voltaro employees. Full policies are on the internal portal 'VoltHub'. For questions, email people@voltaro.example.

Policy	Details
Working hours	Office staff: 9:30 AM to 6:30 PM, Monday to Friday. Factory staff: three 8-hour shifts, 6 days a week with one rotating day off.
Hybrid work	Office staff can work from home 2 days a week. Monday, Wednesday and Thursday are common office days when everyone comes in.
Earned (paid) leave	24 days per year. Up to 10 unused days can be carried forward.
Sick leave	12 days per year. A doctor's note is needed for more than 2 days in a row.
Casual leave	6 days per year.
Public holidays	12 holidays per year, published every December.

Policy	Details
Maternity leave	26 weeks fully paid, plus an option of 3 months work-from-home after return.
Paternity leave	4 weeks fully paid, to be taken within 6 months of the child's birth or adoption.
Health insurance	Rs 5 lakh family cover (employee, spouse, 2 children, parents) paid by Voltaro.
Employee EV discount	15% off any Voltaro vehicle, once every 3 years.
Learning budget	Rs 40,000 per employee per year for courses, books and conferences.
Notice period	30 days during probation; 60 days after confirmation (90 days for senior managers and above).
Probation	6 months for all new joiners.
Performance reviews	Twice a year, in April and October. Salary increases happen in April.
Referral bonus	Rs 50,000 for a successful referral (Rs 1,00,000 for senior roles), paid after the new hire completes 3 months.

Code of conduct: Voltaro has zero tolerance for harassment and discrimination. Concerns can be raised confidentially with the Internal Committee at ic@voltaro.example or through the anonymous ethics hotline 1800-555-0177.

12. Frequently Asked Questions

Q1. Which Voltaro scooter has the longest range?

Among scooters, the Swift Plus has the longest range: 160 km certified and about 125 km in real-world riding. The Thunder motorcycle goes further, at 210 km certified.

Q2. Can I charge a Voltaro at home?

Yes. Every Swift, Swift Plus and Thunder comes with a portable charger that plugs into a normal 15A home socket. The Cargo uses battery swapping instead.

Q3. How long does it take to charge?

At home: about 4.5 hours (Swift), 5 hours 15 minutes (Swift Plus) and 6 hours (Thunder) from 0 to 100%. On a VoltGrid fast charger, the Swift Plus goes 0–80% in 55 minutes and the Thunder in 45 minutes.

Q4. Can I ride a Voltaro in the rain?

Yes. All models are IP67 rated (Thunder is IP68), so they are safe in heavy rain. Avoid riding through water deeper than 30 cm.

Q5. Do I need a driving licence and registration?

Yes. All Voltaro models have top speeds above 25 km/h, so a valid two-wheeler licence and RTO registration are required. Voltaro showrooms handle registration for you.

Q6. How much does it cost to run a Voltaro?

Charging at home costs roughly 20 to 30 paise per kilometre, compared with about Rs 2.2 per kilometre for a typical petrol scooter.

Q7. What happens if the battery dies on the road?

Call roadside assistance at 1800-555-0199 (press 2). Voltaro will tow your vehicle to the nearest charger for free, up to 3 times a year during the first 3 years.

Q8. Can I get a loan?

Yes. Voltaro works with partner banks and NBFCs. EMIs start at Rs 2,299 per month, with zero down-payment offers on some models.

Q9. How do I cancel my booking?

Cancel in the Voltaro app or website under 'My Bookings', or call customer care. The booking amount is refunded in full within 7 working days.

Q10. Is there a return policy after delivery?

Yes, the 7-day happiness guarantee. Return within 7 days and 250 km with no damage, and get the ex-showroom price back minus Rs 5,000.

Q11. Does Voltaro sell outside India?

Yes. Since 2025 Voltaro exports to Nepal and Sri Lanka, with plans for Bangladesh and parts of Africa in 2027.

Q12. How do software updates work?

Updates are downloaded over the air (OTA) through the vehicle's built-in SIM. They are free, and you choose when to install them from the dashboard.

Q13. Who is the CEO of Voltaro?

Rohan Iyer, one of the three co-founders, is the CEO.

Q14. Is Voltaro listed on the stock market?

No. Voltaro is a private company. It has said it may consider an IPO in 2028, but no decision has been made.

Q15. How can I apply for a job at Voltaro?

Visit careers.voltaro.example or email your CV to careers@voltaro.example. Campus hiring happens every August to November.

Q16. What is the battery warranty?

8 years or 80,000 km, whichever comes first, with at least 70% capacity guaranteed at the end of that period.

Q17. Can I become a Voltaro dealer?

Yes. Email dealers@voltaro.example. Dealers need a showroom of at least 1,200 sq ft on a main road and an investment of about Rs 60–80 lakh.
